**OFFICE ACTION**

***Allowable Subject Matter***

Claims 1-3 and 6-12 allowed. Following is the Examiner's statement reason for allowance:

The prior arts of record, taken either singly or in combination, fail to anticipate or fairly suggest the limitations of pending claims 1-3 & 6-12 in a manner which would warrant a rejection under 35 USC § 102 and/or 35 USC § 103.

There was no prior art found by the examiner that suggested modification or combination with the cited prior art so as to satisfy the combination of the independent claim 1; especially, the prior art does not teach or suggest, *inter alia*, "a part of the lateral surface of the first conductive type semiconductor layer remains exposed at the end of the second trench forming step," as set for with the rest process steps recited in the claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
